KLEMPERER ONLINE

Diaries 1918–1959

Ed. by Christian Löser and Walter Nowojski (†)

For the first time, the database makes available the complete and unabridged diaries of Victor Klemperer, which are among the most important sources of 20th century German history. The texts feature an extensive commentary and contain over a third more material than the print edition. In addition to an edited transcript, the database provides a facsimile of each handwritten diary entry. An intuitive tab structure allows for easy navigation between the transcript and the handwritten originals. The complete edition of the diaries offers an even more comprehensive and detailed picture of the decades documented by Klemperer.
